MEMORANDUM OF POINTS AND AUTHORITIES

I

INTRODUCTION

This writ proceeding involves two related administrative hearings conducted by Respondent Hospital which were combined. Hearing-I related to denial of the reappointment application and Hearing-II related to the denial of staff privileges, which decision was not made by the Judicial Review Committee but rather by an attorney retained by the hospital, who did not allow the hearing to go forward and be completed but rather aborted the hearing prematurely on March 30, 2002.

That decision, prematurely terminating the hearing, was upheld by the Appeals Body on July 25, 2002. Petitioner has filed this action with two causes of action, one in traditional mandate and the other in administrative mandamus because it is not clear which remedy applies since no final decision on the merits was ever rendered in this case.

The Appeal Body abused its discretion and did not proceed in the manner required by law when it approved on July 25, 2002 the ruling of Willick, see Exhibit A. The Appeal Body cited no controlling legal authority that authorized Willick to conclude the hearing. The members of the Judicial Review Committee never voted on Willick's order terminating the proceedings nor, were they consulted.

Neither Willick nor the Appellate Body considered the fact that Petitioner was not and is not an attorney. Essentially both Willick and the Appeals Body criticized Petitioner for the manner in which he was conducting his own case, which he was compelled to do since the By-Laws precluded him from having an attorney and Willick himself would not allow Petitioner to have an attorney. This clearly was a Catch 22

Milickowsky

1 situation in that Petitioner, who is not a lawyer, was expected to  
2 conduct himself as a lawyer might conduct himself. The Appeals Body  
3 implicitly upheld Willick's determination that because Petitioner did  
4 not include proper argument in his written submissions that he should  
5 not have a hearing at all. At no time did the Judicial Review Committee  
6 or the Appellate Body ever reach the merits of the two medical claims  
7 against Petitioner - the circumcision and the vacuum extraction. The  
8 evidence at that stage of the proceedings when, Willick illegally  
9 aborted the proceeding, was favorable to Petitioner. The Medical  
10 Executive Committee did not rest its case and Petitioner never had the  
11 opportunity to present his evidence.

12 II

13 STATEMENT OF THE CASE

14 The administrative record in this case is voluminous but this  
15 Court need not be intimidated by the length of the record since the  
16 procedural facts are straight forward and not contested. The narrow  
17 legal issue is whether an attorney hired by the hospital can take the  
18 case away from the Judicial Review Committee and terminate the  
19 proceeding based on the erroneous decision that Petitioner, who was  
20 forced to represent himself, delivered copies of his administrative  
21 trial brief to members of the Judicial Review Committee in response to  
22 false accusations previously provided to the Judicial Review Committee  
23 (JRC) by the hearing officer.

24 Petitioner obtained medical and surgical privileges at the Encino-  
25 Tarzana Regional Center (hereinafter "Tarzana Hospital") in 1996. On  
26 September 18, 1997 Petitioner was appointed to Tarzana Hospital's  
27 permanent staff with active member status. Every two years he was

1 reappointed without incident. On February 2, 1999 Petitioner received  
2 a letter from Tarzana Hospital stating that he had not timely filed an  
3 application for reappointment he never received. As a result,  
4 Petitioner filed a lawsuit on April 6, 1999 and obtained a preliminary  
5 injunction from Judge Robert H. O'Brien on April 20, 1999 in the case  
6 of Mileikowsky v. Tenet Healthsystem, BS056525, which is still in  
7 effect to date. The preliminary injunction required Tarzana Hospital  
8 to process his reappointment application.<sup>1</sup>

9 On January 11, 2000 the Medical Executive Committee denied the  
10 reappointment application. Petitioner appealed the denial to a  
11 Judicial Review Committee which was convened in October of 2000  
12 pursuant to the By-Laws.

13 After the Judicial Review Committee began conducting the hearing  
14 to which Petitioner was entitled under the By-Laws, Tarzana Hospital  
15 summarily suspended Petitioner's privileges on November 16, 2000.

16 The first hearing afforded Petitioner with respect to his  
17 reappointment was deemed to be Hearing I and was conducted by Tenet's  
18 attorney, Lowell Brown, who refused to recuse himself.

19 On November 16, 2000 Tarzana Hospital summarily suspended  
20 Petitioner's privileges without any charges or explanations. On  
21 November 28, 2000 the Medical Executive Committee upheld the summary  
22 suspension, based on seven (7) fabricated charges. Petitioner appealed  
23 and was given a hearing with respect to the summary suspension of his  
24 staff privileges.

25 On November 30, 2000, Hearing I was aborted illegally by its

1 alleged Hearing Officer Lowell Brown (attorney of Tenet) and its  
2 Hearing Committee. Petitioner appealed this decision as well.

3 On December 22, 2000 Tarzana Hospital provided Petitioner with the  
4 written charges. Tarzana expanded the original 7 charges to 37  
5 charges against Petitioner. However, these allegations dated back to  
6 December 12, 1990, over 10 years before the illegal summary suspension  
7 of Petitioner for alleged non existent imminent danger. Petitioner had  
8 no patient at Tarzana on November 16, 2000.

9 Of all the charges against Petitioner only two of them were  
10 medically related. The first of these two was that on November 5,  
11 2000 Petitioner performed a circumcision that allegedly resulted in a  
12 serious complication requiring additional medical attention of a  
13 urologist. This will be referred to as "the circumcision charge."

14 The second charge was that in delivering a baby on October 24,  
15 2000 Petitioner allegedly deviated from Tarzana Hospital's guidelines  
16 for nurses by applying a vacuum more than three times and requesting  
17 fundal pressure (hereinafter referred to as "the vacuum extraction"  
18 charge). The remaining 35 charges related to non medical issues most  
19 were resolved in finality in favor of Petitioner either by the court or  
20 by Tarzana's own Peer Review Committees.

21 The second hearing commenced and later the charges from the first  
22 hearing were combined with the charges of the second hearing. As  
23 stated, all of the 31 charges related to the first hearing had been  
24 resolved with finality in Petitioner's favor by prior decisions.

25 With respect to the two medical cases, the circumcision charge and  
26 the vacuum extraction charge, no evidence was presented at the hearing  
27 to support any claim regarding an alleged sub standard care by

1 Petitioner. With respect to the circumcision charge, the evidence at  
2 the hearing was that Petitioner performed an entirely normal  
3 circumcision. The only criticism came from Dr. G. Irani, who examined  
4 the patient yet, he discharged the child immediately after his  
5 examination. Dr. Irani conceded at the hearing that he had never  
6 performed a circumcision in his life.

7 A urologist, Dr. Shapiro, provided a favorable examination on  
8 November 6, 2000 (The circumcision was performed on November 5, 2000 at  
9 7:00 P.M.). That exculpatory evidence was withheld from Mileikowsky  
10 and the members of the Hearing Committee. Upon its discovery,  
11 Mileikowsky submitted this critical evidence to Mr. Willick in a motion  
12 to dismiss this charge. Mr. Willick denied that motion without  
13 consulting or forwarding this important information to the members of  
14 the Judicial Review Committee following the objections of Tenet's  
15 attorneys.

16 With respect to the vacuum extraction charge, there was no  
17 violation of physician care. The mother and the baby were in good  
18 health and complimented Petitioner for his outstanding care.

19 The hearing was conducted by attorney Dan Willick, paid by  
20 Tarzana.

21 According to Article VIII, Section 4 of the By-Laws Petitioner was  
22 not permitted to have an attorney during his hearing over which  
23 attorney Willick presided. Dan Willick conducted the hearing pursuant  
24 to Article VIII, Section 4 (B) of the By-Laws, which provides as  
25 follows:

26 "The hearing officer shall act to  
27 maintain decorum and to assure that all

participants in the hearing have a reasonable opportunity to present relevant oral and documentary evidence. He shall be entitled to determine the order of procedure during the hearing and shall make all rulings on matters of procedure and the admissibility of evidence."

On March 15, 2002 Petitioner sent copies of a brief to each of the seven members of the Judicial Review Committee. The brief related to certain issues that were pending before the Committee. Copies of Petitioner's brief were submitted to all interested parties including Mr. Willick and the Medical Executive Committee representative.

On March 30, 2002 attorney Willick terminated Petitioner's hearing depriving the Judicial Review Committee of judging the case on its merits. At the time, Petitioner had already demonstrated that his conduct with respect to the circumcision and the vacuum extraction were proper and within the medical standard of care.

A copy of the March 30, 2002 ruling by Hearing Officer Willick is attached to this Petition as Exhibit C. Willick stated that he terminated the hearing because of intentional acts of misconduct by Petitioner. Willick stated that Petitioner's "repeated acts of misconduct" was deemed by Willick as being a waiver of Petitioner's right to the completion of the hearing. The major point of Willick's order was that Petitioner engaged in unauthorized ex parte communications with each member of the hearing committee. Willick spent a substantial amount of time in his order explaining why the ex

1 parte communication was improper. Willick's order of March 30, 2002  
2 made other references to the manner in which Petitioner participated in  
3 his hearing. Essentially, Willick contended in his order that  
4 Petitioner's arguments are what disrupted the hearing. In the  
5 conclusion to his order dated March 30, 2002 Willick referred to  
6 Article VIII, Section 4(B) of the By-Laws which authorized him to  
7 "maintain decorum and assure that all participants in the hearing have  
8 a reasonable opportunity to present oral and documentary evidence."  
9 Ironically, Willick's order had the opposite effect - to deny  
10 Petitioner a reasonable opportunity to present oral and documentary  
11 evidence. Willick also referred to Article VIII, Section 4(A) of the  
12 By-Laws which Willick contended authorized him to rule that a  
13 practitioner who fails without good cause to appear and proceed shall  
14 be deemed to have his rights waived. Yet, Mikeikowsky never failed to  
15 appear. No provision of the By-Laws authorized Willick to do what he  
16 did. The ex parte communication to which Willick referred to was not  
17 ex parte. Copies were provided to everyone including Willick and the  
18 Medical Executive Committee representative. There was no basis for  
19 Willick's order. Willick had no authority to make the order and the By-  
20 Laws do not authorize it. Willick's order violated Petitioner's right  
21 to a fair hearing and to due process under the By-Laws, California law,  
22 and the United States and California Constitutions. Willick did not  
23 allow the Judicial Review Committee to reach the decision on the merits  
24 of the case.

25 Petitioner appealed the improper order terminating the hearing to  
26 the Appeal Body of Tarzana in order to correct this illegal decision  
27 and exhaust his administrative remedies. On July 25, 2002 the  
28

1 Appellate Review Body upheld the termination of Petitioner's hearing.  
2 The basis of the Appeals Body decision and that of Mr. Willick was that  
3 Petitioner dealt ex parte by sending copies of his brief to members of  
4 the Judicial Review Committee which was known to be false. A copy of  
5 the July 25, 2002 Appellate Body decision is Exhibit A.

6 III

7 ARGUMENT

8 A. WILICK VIOLATED THE BY-LAWS AND PETITIONER'S DUE PROCESS RIGHT TO  
9 A FAIR HEARING BY TERMINATING HIS HEARING

10 No statute and no rule prohibited Petitioner from distributing  
11 copies of a brief to members of the Judicial Review Committee  
12 simultaneously with distribution to the Hearing Officer and the Medical  
13 Executive Committee representative.

14 Willick had no authority to deprive the Committee of making a  
15 decision based on the merits of the case. By aborting the hearing  
16 Willick revealed his prejudice against Petitioner. Petitioner was  
17 entitled to have a fair administrative hearing. See Haas v. County of  
18 San Bernardino, 27 Cal.4th 1017 (2002). There is no provision in the  
19 By-Laws for the hearing officer ending the proceedings. Moreover, the  
20 basis for interrupting the hearing was improper - that Petitioner  
21 allegedly delivered ex parte briefs to the Judicial Review Committee.  
22 That was a lie.

23 An ex parte communication is one done unilaterally, without notice  
24 to the other side. In this particular case Petitioner did not send  
25 copies just to the Committee members but to everyone.

26 The hearing officer contended that Petitioner forfeited his right  
27 to a hearing by failing to assert the right. However this is not true.

28 10

December 5, 2002  
Milickowsky

1 The only way to conclude a hearing is for the Petitioner to fail to  
2 attend a hearing. Respondent can cite no rule of the By-Laws that  
3 authorized the hearing officer to terminate the proceedings. The  
4 Judicial Review Committee had no such authority even if Willick had  
5 asked the Judicial Review Committee. See decision of Appeal Body - I  
6 of April 26, 2001, Exhibit D.

7 Willick took the matter from the Committee and decided the matter  
8 himself even though he had no authority to do so.

9 Willick cannot claim that he was maintaining decorum by aborting  
10 the hearing. Premature termination of a hearing is not the same thing  
11 as maintaining decorum.

12 IV

13 REMEDY

14 It would be futile for this Court to simply remand Petitioner to  
15 the Judicial Review Committee for another hearing. The hearing was  
16 essentially over. The testimony at the hearing established that  
17 Petitioner did not mistreat any patient or doing anything that was  
18 medically improper. Simply remitting Petitioner to Respondent for  
19 another hearing would accomplish nothing because Respondent wants to  
20 deprive Petitioner of his clinical privileges for whatever pretext.

21 If this Court should remand the matter to the Judicial Review  
22 Committee for further proceedings the same members should be  
23 reconstituted for this Committee with a different Hearing Officer.  
24 Another Committee should not be established since this Committee has  
25 heard most of the evidence and was selected after 9 months of voir  
26 dire.

27 For the foregoing reasons, Petitioner respectfully requests this

1 Honorable Court to vacate the orders and restore him to his staff  
2 privileges.

3 WHEREFORE, PETITIONER PRAYS FOR JUDGMENT AS FOLLOWS:

4 1. That a peremptory writ of administrative mandamus and writ of  
5 mandate issue under the seal of this Court directing Respondent to  
6 complete his Judicial Review Committee hearing and exhaust his  
7 administrative remedies within 30 days before an administrative law  
8 judge at the Office of Administrative Hearings, without any security  
9 guards and allow Petitioner to be represented at the hearing by an  
10 attorney as Tarzana's By-Laws do not allow Petitioner to be represented  
11 by an attorney at a hearing.

12 2. For a writ of administrative mandate and mandamus compelling  
13 Respondent to set aside its order denying Petitioner's reappointment  
14 application and an order directing Respondent to set aside its summary  
15 suspension of Petitioner's clinical privileges, without any of  
16 Tarzana's security guards' stalking Gil N. Mileikowsky, M.D., since  
17 there is no complaint from any patient nor any negligence cause of  
18 action against Petitioner let alone any alleged imminent danger;

19 3. For an order directing Respondent to readmit Petitioner to  
20 full and complete clinical privileges as an active staff member;

21 4. For damages according to proof;

22 5. For punitive damages for Respondent's willful acts in  
23 depriving Petitioner of staff privileges, for depriving Petitioner of  
24 the opportunity to practice medicine at Tarzana Hospital since November  
25 16, 2000;

26 6. For punitive damages for Respondent's willful acts in denying  
27 Petitioner's right to a hearing and exhaust his administrative

1 remedies;

2 7. For such other and further relief as the Court deems just and  
3 proper as, Respondents fraudulently fabricated bogus charges and  
4 falsely pretended these proceedings represent an alleged Medical Peer  
5 Review. Here again, Respondents violated Tarzana's By-Laws, California  
6 and federal Health Care Quality Improvement Acts (HCQIA).

7 8. For punitive damages for fraud;

8 9. For publication of such order and providing it verbatim to all  
9 physicians on staff at Tarzana, all nurses and personnel of Tarzana,  
10 posting on all of Tarzana's bulletin boards within 24 hours of issuing  
11 the order with proof of such publication delivered to attorney Roger  
12 Jon Diamond within 48 hours;

13 10. For publication of such order verbatim to the California  
14 Medical Board, the California Department of Health Services (DHS), the  
15 California Institute for Medical Quality (IMQ), the Joint Commission on  
16 Accreditation of Healthcare Organizations (JCAHO), the National Data  
17 Bank, West Hills Hospital, Century City Hospital and all other  
18 hospitals and institutions, insurance carriers who were provided by  
19 Tarzana information regarding Petitioner's suspension of privileges  
20 and/or denial of his reappointment at Tarzana within 24 hours of  
21 issuing this order with proof of such publication delivered to attorney  
22 Roger Jon Diamond within 48 hours.

**INTRODUCTION**

On January 11, 2000, the Medical Executive Committee (the "MEC") of Encino-Tarzana Regional Medical Center (the "Medical Center") recommended the denial of the reappointment of Gil Mileikowsky, M.D. to the Medical Staff of the Medical Center. Dr. Mileikowsky was granted a hearing before a Judicial Review Committee ("JRC") to contest this recommendation. In October, 2001 the JRC composed of Dr. Mileikowsky's peers at the Medical Center determined that Dr. Mileikowsky had waived his right to a hearing because of his failure to respond to discovery requests, the subject of which were key to the issues at hand. Dr. Mileikowsky appealed this decision to the Governing Body of the Medical Center. On April 26, 2001, the Appellate Review Body of the Governing Body remanded the matter for a new hearing and imposed evidentiary standards on Dr. Mileikowsky.

On November 26, 2000 Dr. Mileikowsky's clinical privileges at the Medical Center were summarily suspended due to complaints of Dr. Mileikowsky's unprofessional conduct and violation of security measures placed on him by Medical Center administration. On November 28, 2000 the MEC voted to continue the summary suspension and to terminate Dr. Mileikowsky's Medical Staff membership and clinical

*Handwritten signature and number 3*

privileges. Dr. Mileikowsky requested and was provided a hearing to contest these actions.

Dr. Mileikowsky's two hearings were consolidated and action taken by the Hearing Officer at the Consolidated Hearing is the subject of this appeal.

On January 11, 2001, Dr. Mileikowsky commenced the voir dire of the Hearing Officer who was approved without challenge. After five sessions of voir dire of his peers, on August 21, 2001 eight physicians were approved to the JRC panel.

On March 30, 2002, after numerous hearing sessions, correspondence, motions by the parties and orders by the Hearing Officer, the Hearing Officer terminated the Consolidated Hearing due to the conduct of Dr. Mileikowsky. At that time, the MEC was still in the process of presenting its case. Dr. Mileikowsky appealed this decision to the Governing Body which appointed a three person Appellate Review Body. The Appellate Review Body, after preliminary motions and orders, heard the Appeal on July 2, 2002. This is the Order and Findings of the Appellate Review Body which is recommended for approval by the Governing Body pursuant to Article VIII, Section 7.I. of the Medical Staff Bylaws.

## ORDER

After hearing and due deliberation, the Appellate Review Body affirms the decision of the Hearing Officer that Dr. Mileikowsky waived his right to a hearing and that Dr. Mileikowsky's hearing be terminated. The Appellate Review Body concludes that Dr. Mileikowsky received a fair hearing and that the Hearing Officer's decision was reasonable.

## FINDINGS

The following findings are made by the Appellate Review Body:

1. A Hearing Officer at a JRC Hearing established pursuant to California Business and Profession's Code Section 809 et. seq. and the Medical Staff Bylaws has the legal authority to terminate such Hearing based on misconduct of the physician requesting and participating in the Hearing.

When the California legislature enacted statutory provisions regarding peer review, it stated in its preamble that:

"Peer review, fairly conducted, is essential to preserving the highest standards of medical practice.

Peer review which is not conducted fairly results in harm both to patients and healing arts practitioners by limiting access to care."<sup>1</sup>

In order for peer review to meet these standards, it must be participated in by all parties in accordance with the law and bylaws established by the organized Medical Staff. It is up to the Hearing Officer

---

<sup>1</sup> Business and Professions Code Sections 809(a)(3) and (4).

A  
FACIES

to assure that the hearing is a fair process for all parties. The Medical Staff Bylaws provide that:

"The hearing officer shall act to maintain decorum and to assure that all participants in the hearing have a reasonable opportunity to present relevant oral and documentary evidence"<sup>2</sup>

When a physician acts to prevent the process of peer review from taking place, the Hearing Officer must act to assure a fair proceeding for all parties. As stated by the Hearing Officer in his order:

"...[the] practitioner has an obligation to participate in peer review in good faith and to abide by the rules governing peer review. Any failure to do so threatens one of the pillars upon which protection of the public against substandard care rests. To permit a physician to flaunt the peer review process by flagrant violations of rules and procedures governing that process is unacceptable."<sup>3</sup>

We concur with this. Just as in the court system, there must be a remedy when a party deliberately sabotages an administrative or judicial process. A fair hearing means fair to both parties, including the Medical Executive Committee as well as the physician.

2. The decision of the Hearing Officer to terminate the Hearing in this matter was reasonable based on the evidence. The Record on Appeal reveals the following instances of misconduct by Dr. Mileikowsky:
  - a. Dr. Mileikowsky repeatedly disrupted hearing sessions and used personal invective and threatening language. The hearing

transcript is replete with examples of his disorderly conduct.<sup>4</sup> Dr. Mileikowsky repeatedly misrepresented whether he received documents and frequently criticized the Hearing Officer's rulings. There are written and transcript examples of abuse of witnesses, MEC representatives, Medical Center administrators and MEC Counsel. Even at the Appellate Review Hearing, when represented by Counsel, Dr. Mileikowsky referred to MEC counsel, Jay Christensen as follows:

"...I just imagine myself showing the work of Mr. Christensen to Goebbels. His reaction would be prima, superb lies...A tissue of lies very skillfully put together" and further "Have no illusions, behind the smile of Mr. Christensen lies a criminal..." and "so look at the facts and ask yourself, despite the distinguished gift wrapping of Mr. Christensen, he is lying, is he another Arthur Anderson..."<sup>5</sup>

Further, verbally and in writing, Dr. Mileikowsky openly defied the Hearing Officer's rulings made to control Dr. Mileikowsky's conduct.

- b. Dr. Mileikowsky repeatedly violated the Hearing Officer's order that he refrain from referencing his two lawsuits brought against the Medical Center's parent company and many Medical Staff physicians. The Hearing Officer concluded that, since such lawsuits were still in process, these pleadings would be prejudicial

to either party without final orders. Despite this, Dr. Mileikowsky repeatedly, and often falsely, referred to pleadings in the lawsuits.<sup>6</sup>

- c. Dr. Mileikowsky refused to comply with Discovery required by Section 809 and the Medical Staff Bylaws. The Record on Appeal indicates clearly that Dr. Mileikowsky refused to provide information requested by the MEC and required by law which directly related to the charges against him and which were specifically ordered by the Hearing Officer. Particularly significant was his failure to provide documents directly related to his suspension and termination from the Medical Center at Cedars-Sinai Medical Center.<sup>7</sup> This is the same failure which led the Medical Staff to conclude that he had not cooperated with his reapplication in 1999.

In addition, despite orders of the Hearing Officer, Dr. Mileikowsky never produced a full exhibit list as required by law and the Medical Staff Bylaws. This caused disruption to the Hearing process when Dr. Mileikowsky attempted to introduce previously unannounced documents. A similar instance occurred minutes before the current Appellate Review Hearing when Dr. Mileikowsky attempted to introduce an unannounced "reply brief"

which was not agreed to or even requested by him during the pre-hearing procedural discussions.

- d. Dr. Mileikowsky entered into unauthorized ex parte communications with the entire Hearing Panel relating to the subject matter of the Hearing. On or about March 18 and 19, 2002, Dr. Mileikowsky personally delivered to each member of the Hearing Panel a 35 page typewritten brief, a one page letter from him and his two physician advisors and copy of a letter to the Hearing Officer from the two physician advisors which was falsely dated. Dr. Mileikowsky's brief contained misrepresentations which we conclude were intended to mislead the Hearing Panel. This ex parte communication was done by Dr. Mileikowsky despite warnings by the Hearing Officer and a letter from Dr. Mileikowsky dated October 22, 2001 alleging such communication had occurred by the MEC. We believe that Dr. Mileikowsky's communication with the Hearing Panel severely prejudiced the MEC. We question whether the Hearing could have continued with this Panel after Dr. Mileikowsky's ex parte action.

3. Dr. Mileikowsky's right to a fair hearing has not been violated by actions of the Hearing Officer. A review of the Hearing transcript illustrates a process in which the Hearing Officer provided Dr. Mileikowsky ample opportunity to comply with the legal processes required of him. For instance, the Hearing Officer issued 14 rulings in 12 months and granted

seven extensions trying to obtain documents from Dr. Mileikowsky as required by law. (See Footnote 7, *supra*.) The Hearing Officer entered an order for both parties to submit briefs regarding Dr. Mileikowsky's failure to cooperate in the Medical Staff peer review process. Despite five warnings by the Hearing Officer, Dr. Mileikowsky failed to submit such a brief. Hearing sessions were scheduled to meet the needs of Dr. Mileikowsky's vacation and seminar schedule.

The most convincing illustrations of Dr. Mileikowsky's refusal to cooperate with legal procedures, despite the efforts of others to safeguard his rights, occurred in the past actions of hearing panels, appellate reviews and Superior court actions, all of which are a part of the Record on Appeal. In the first hearing regarding the denial of Dr. Mileikowsky's reappointment, the Hearing Panel determined in the middle of the Hearing that Dr. Mileikowsky had waived his right to a hearing due to this behavior. While the Governing Board sent the matter back for a new hearing, it issued evidentiary sanctions against Dr. Mileikowsky for his failure to produce evidence and delay of the Hearing.

In the Hearing upon which this appeal is based, the Hearing Officer terminated Dr. Mileikowsky's hearing due to his failure to cooperate with the legal process.

Finally, in Dr. Mileikowsky's Court Cases, on April 24, 2002, the Superior Court entered orders for Terminating Sanctions due to the

conduct of Dr. Mileikowsky. To quote the Discovery Referee in regards to Dr. Mileikowsky as petitioner:

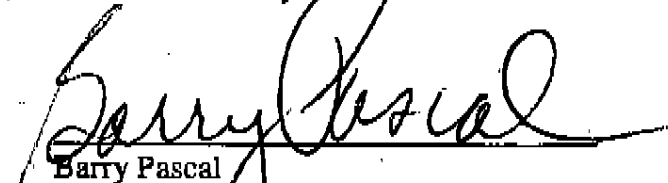

"Pursuant to CCP 2023(a), the Discovery Referee finds that respondents' motion for terminating sanctions and monetary sanctions should be GRANTED. Petitioner has demonstrated a pattern of promises and stipulations for the production of discovery responses that are unfulfilled. Instead of production, petitioner has changed counsel and repeated the pattern of delay and non-production. The Referee finds this repetition to be obstructive and willful, and in violation of petitioner's responsibility to participate in discovery and to comply with stipulations and court orders. Sanctions are warranted under CCP 2023(a)(3,(4), and (7)."<sup>8</sup>

A Hearing Officer, a Discovery Referee and a Superior Court Judge have previously terminated hearings due to Dr. Mileikowsky's conduct. We believe the Hearing Officer was correct in taking the same action in the matter which is the subject of this appeal.

FIRST CAUSE OF ACTION:

TRADITIONAL MANDAMUS UNDER CODE OF CIVIL PROCEDURE SECTION 1085

1  
2  
3 1. Petitioner is a physician and surgeon licensed to practice  
4 medicine under the laws of the State of California. On December 13,  
5 1991 Petitioner became board certified by the American Board of  
6 Obstetrics and Gynecology and is an active member of American Board's  
7 Division of Reproductive Endochrinology.

8 2. Respondent Tenet Healthsytem, Encino-Tarzana Regional Medical  
9 Center is a California corporation and it and Does 1 through inclusive  
10 own and operate the Tenet Healthsytem, Encino-Tarzana Regional Medical  
11 Center.

12 3. Petitioner is informed and believes and thereon alleges that  
13 Respondent Tenet Healthsytem, Encino-Tarzana Regional Medical Center  
14 (hereinafter "Trazana") is a corporation duly organized and existing  
15 under the laws of the State of California which owns and operates a  
16 hospital and appurtenant facilities located in Tarzana, California,  
17 known as Tenet Healthsytem, Encino-Tarzana Regional Medical Center  
18 ("Tarzana").

19 4. Petitioner is unaware of the true names and capacities of  
20 Respondents sued herein as Does 1 through 100 and affirmatively alleges  
21 that each one of them is the owner and operator of Tarzana.

22 5. In July 1986, Petitioner completed his Fellowship in  
23 Reproductive endocrinology at USC. Only a relatively few physicians in  
24 the United States and in California have received such special training  
25 in assisted reproductive technology and could be considered specialists  
26 in these fields. Petitioner is such a specialist.

1 6. Petitioner is informed and believes and thereon alleges that  
2 on or about December 1991, Respondent Tarzana opened its Women's  
3 Pavilion, a state of the art facility for providing OB/GYN Neo-Natology  
4 services to the public.

5 7. Petitioner is informed and believes and thereon alleges that  
6 the Tarzana Women's Pavilion is the most advanced, well reputed OB/GYN  
7 facility in the San Fernando Valley.

8 8. Petitioner could not practice his speciality of obstetrics,  
9 gynecology, infertility and reproductive surgery in the San Fernando  
10 Valley or effectively utilize his training there without access the  
11 limited number of fully equipped hospitals with trained, experienced  
12 personnel.

13 9. Women undergoing treatment for obstetrics-gynecology and  
14 infertility require frequent trips to the physician/clinic.  
15 Accessibility and proximity is a key factor in the selection of a  
16 physician and facility. Accordingly, it is appropriate to consider  
17 the San Fernando Valley as the relevant geographic area in assessing  
18 the issues in this proceeding.

19 10. Petitioner had medical and surgical privileges at Tarzana  
20 since the Fall of 1986, over 14 years.

21 11. On or about July 18, 1986, Petitioner submitted to Tarzana an  
22 application for membership on the medical staff. Thereafter, on March  
23 18, 1987 Tarzana granted Petitioner temporary privileges to practice  
24 medicine at Tarzana pending approval of his application for membership  
25 on the medical staff. On September 18, 1987, Petitioner was appointed  
26 to Tarzana's permanent medical staff with active member status.

November 8, 2002  
Miliekowsky

1           12. Each two years thereafter Petitioner was reappointed to the  
2 medical staff. The most recent reappointment extended from April 17,  
3 1997 for two years, to April 17, 1999.

4           13. Petitioner is informed and believes and thereon alleges that  
5 his 1988 legal dispute with his former employers, Dr. Schein and Dr.  
6 Greenberg brought him into conflict with the medical establishment at  
7 Tarzana, as Petitioner's former employees were founders of Trazana,  
8 long standing members of its medical staff and were friendly with  
9 several powerful members of Tarzana's Medical Executive Committee and  
10 its Department of OB/GYN. In October of 1998 the Tarzana medical staff  
11 office, which was charged with the responsibility for coordinating  
12 Petitioner's reappointment applications violated the medical staff By-  
13 Laws by failing to provide to Petitioner the appropriate, required  
14 notifications concerning his privileges' reappointment.

15           14. At all times mentioned herein the Tarzana Hospital was  
16 governed by By-Laws which were drafted to ensure that each medical  
17 staff member is fully advised of the term of his privileges and given  
18 actual notice of the approaching expiration date of his current term  
19 and is timely furnished with reappointment materials. Article VI.A of  
20 the By-Laws provides as follows:

21                           "Members of the medical staff shall be  
22                           reappointed every two years, the date of  
23                           which shall be determined based upon the  
24                           date of last reappointment. Six months  
25                           prior to the expiration of the members  
26                           reappointment, a member shall be sent a  
27                           reappointment application by certified or  
28                           registered mail, return receipt  
                          requested. The member must return the  
                          completed application within 60 days of  
                          the date it was mailed by the medical

staff office. If the completed reappointment has not been returned to the medical staff office within 45 days after the application was mailed, the medical staff office shall send a reminder to the practitioner notifying him/her that failure to return the completed application packet by the end of the 60 days shall be deemed a voluntary resignation from medical staff. A member who is deemed to have resigned shall not be entitled to a hearing but may request a review by the medical executive committee to confirm that the member failed to comply with the requirements of this section. A member's medical staff membership and privileges may be extended during the foregoing reappointment cycle only after appropriate and verification has been done to deem the member qualified to continue such membership and privileges and a temporary privilege is completed in order to provide for the granting of continuation of membership and clinical privileges."

15. Respondent did not properly transmit reappointment materials to Petitioner as required by the By-Laws in the fall of 1998. Accordingly, Petitioner received no notification, reappointment applications nor notifications that his privileges were approaching their expiration date or that his reappointment application was due or overdue.

16. On February 2, 1999 Petitioner received a letter dated February 1, 1999 from Tarzana Hospital stating that he had not timely filed his application for reappointment to the Tarzana medical staff and was thus considered to have voluntarily resigned.

17. Immediately upon receiving the February 1, 1999 letter Petitioner attempted to reapply for the staff privileges for the next

1 two years. He went to the office of Respondent on February 2 1999 to  
2 try to obtain the form which he would then fill out and submit as part  
3 of the reapplication process but Respondent, contrary to law and  
4 contrary to its By-Laws and in violation of Petitioner's due process  
5 rights, arbitrarily refused to give him the reappointment form.

6 18. On February 2, 1999 Respondent did provide Petitioner with an  
7 application form for a new staff privilege not the renewal. This form  
8 would be given to new applicants. However as of February 1, 1999 there  
9 were no openings. The OB-GYN department was closed to new applicants.  
10 Therefore Petitioner's receipt of a form which he could have submitted  
11 as a new applicant would not have helped him since the department was  
12 closed to new applicants.

13 19. As a result of the foregoing Petitioner was compelled to file  
14 a lawsuit on April 6, 1999 challenging the conduct of Respondent as  
15 described herein above. The caption of the case is Mileikowsky v.  
16 Tenet HealthSystem, etc., et al., BS056525.

17 20. On April 20, 1999 the Superior Court (the Honorable Robert  
18 H.O'Brien) granted Petitioner a preliminary injunction over the  
19 objection of Respondent Tenet HealthSystem, Inc., Encino-Tarzana  
20 Regional Medical Center, and its attorneys, Irvin, Cohen and Jessup and  
21 Mark T. Kawa.

22 21. Among other things, the preliminary injunction restrained  
23 Respondent Tenet HealthSystem, Inc., Respondent Encino-Tarzana Regional  
24 Medical Center, and "their respective agents, servants, employees . . .  
25 and all persons acting in concert or participating with them," from  
26 engaging in the following acts:

 staff membership at Encino-Tarzana  
 Regional Medical Center."

21 22. On April 20, 1999 the preliminary injunction was served upon  
 22 Respondent Tarzana.

23 23. Respondent Tarzana did not want to comply with the  
 24 preliminary injunction and did not want to reappoint Petitioner.  
 25 Respondent did not want Petitioner to enjoy staff privileges. Thus,  
 26 Respondent Tarzana embarked upon a scheme to violate the provisions of

November 8, 2002  
Miliekowsky

1 the preliminary injunction and the spirit of the preliminary  
2 injunction. Among the things Respondent Tarzana did was amend the By-  
3 Laws of Tarzana in the Summer of 1999.

4 24. Prior to April 20, 1999, Article VII of the By-Laws of  
5 Respondent hospital provided in Section 2 a list of conduct which could  
6 be utilized by the hospital in determining whether to grant or deny  
7 staff privileges. In particular, Section 2 of Article VII provided as  
8 follows:

"A. Any person may provide information to the hospital or medical staff about the conduct, performance, or competence of any member. When reliable information indicates a member may have exhibited acts, demeanor, or conduct reasonably likely to be:  
1. Detrimental to patients' safety or to delivery of quality patient care within the hospital;  
2. Unethical;  
3. Contrary to the medical staff or hospital By-Laws, rules and regulations, standards or policies and procedures; or  
4. Below applicable medical staff or hospital professional standards;  
A request for an investigation or corrective action against such member may be requested by any member of the medical staff or the governing board, or the chief executive. All requests for corrective action shall be in writing, shall be made to the executive committee, and shall be supported by reference to the specific activities or conduct which constitute the grounds for request."

22 25. After April 20, 1999, Respondent amended Section 2 of the By-  
23 Laws quoted above to insert item number 5 to read as follows:

"5. Disruptive to the functioning of the hospital or interfering with the provision of quality patient care."

1 26. Item No. 5 quoted above was not in the By-Laws when Judge  
2 O'Brien issued the injunction on April 20, 1999. It was specifically  
3 added to be directed at Petitioner.

4 27. Respondent Tarzana also changed Article VI, Section G of the  
5 By-Laws in response to the injunction issued by Judge O'Brien. At the  
6 time the injunction was issued, April 20, 1999, paragraph G read, in  
7 part, as follows:

8 "Recommendation shall also be based upon  
9 the practitioner's compliance with legal  
10 requirements applicable to the practice  
11 of his/her profession, with the medical  
12 staff By-Laws, rules and regulations and  
13 hospital policies, review and evaluation  
14 of the care provided by the practitioner,  
15 physical and/or mental impairment which  
16 might interfere with the applicant's  
17 ability to carry out clinical privileges  
18 as requested, and provision of accurate  
19 and complete information to enable the  
20 medical staff to evaluate his/her current  
21 competency and qualifications."

22 29. Respondent added the following language to the paragraph  
23 quoted above:

24 "Evaluation of interactions with hospital  
25 staff and peers."

26 30. This language is inserted in paragraph G so that paragraph G  
27 now reads as follows:

28 "Recommendation shall also be based upon  
29 the practitioner's compliance with legal  
30 requirements applicable to the practice  
31 of his/her profession, with the medical  
32 staff By-Laws, rules and regulations and

31. After the court issued the preliminary injunction on April 20, 1999, Respondents purported to process Petitioner's application in accordance with the By-Laws. Article VI governs the reappointment process. Paragraph B of VI of the By-Laws provides as follows:

"The medical staff office shall transmit the completed reappointment application form and supporting materials to the Credentials Committee, to the Chair of the Clinical Department to which the staff member belongs and to the Chairman of any other department in which the member has or requests privileges."

32. While Respondent Tarzana continued to handle Petitioner's reappointment application pursuant to the preliminary injunction Petitioner was able to continue to exercise his staff privileges at Tarzana.

33. By passing the Department OB/GYN, in the presence and under the direction of Tenet's attorneys, Mark Kawa and Jay Christensen, on January 11, 2000 the Medical Executive Committee of Respondent Tarzana voted to deny Petitioner's reappointment application without notice to Petitioner. He was not told of the meeting and not invited to appear.

34. Petitioner appealed the decision of the Medical Executive Committee of January 11, 2000 denying his reappointment application to a Judicial Review Committee convened pursuant to the By-Laws. A Judicial Review Committee began hearing evidence in October of 2000 with respect to the reappointment application - Hearing - I.

9/30/05 10

November 8, 2002  
Miliekowsky

1 35. While Petitioner's reappointment application was yet to be  
2 finally resolved, Respondent Tarzana blatantly violated once again the  
3 preliminary injunction by purporting to summarily suspend Petitioner's  
4 privileges on November 16, 2000. No reasons were given for the  
5 summary suspension. On November 28, 2000 the Medical Executive  
6 Committee of Respondent Tarzana upheld the summary suspension of  
7 Petitioner's staff privileges in violation of the By-Laws, in violation  
8 of the preliminary injunction, and in violation of the due process  
9 clauses of the federal and state constitutions.

10 36. On November 30, 2000, Hearing - I was illegally aborted by  
11 its alleged Hearing Officer, Lowell Brown (attorney of Tenet who  
12 refused to recuse himself during his voir dire) and its Hearing  
13 Committee in violation of Tarzana's By-Laws, California and federal  
14 laws.

15 37. Pursuant to the By-Laws, Petitioner was then provided with  
16 what Respondent Tarzana deemed to be another hearing. After the  
17 Appeal Body of Tarzana remanded on April 26, 2001 the illegal conduct  
18 of Hearing - I's committee and its alleged Hearing Officer, Lowell  
19 Brown, the "bogus charges" with respect to the reappointment denial  
20 were combined with the fabricated charges with respect to the summary  
21 suspension. Respondent Tarzana purported to provide Petitioner with a  
22 combined hearing regarding his reappointment application and the  
23 summary denial of his staff privileges with a new Hearing Officer and a  
24 new Hearing Committee, i.e., Hearing - II.

25 38. Respondent Tarzana, in violation of the By-Laws and in  
26 violation of the Due Process Clauses of the Fourteenth Amendment to the

Wiliekowsky  
PAP

1 United States Constitution and Article I, Section 15 of the California  
 2 Constitution, terminated ("aborted") Petitioner's combined hearing-II.  
 3 The "hearing" was illegally suspended on March 30, 2002 by hearing  
 4 officer Daniel H. Willick, who failed to obtain the approval of the  
 5 Judicial Review Committee. Willick purported to end the hearing  
 6 because, among other things, Petitioner allegedly delivered copies of  
 7 his brief to each member of the Judicial Review Committee. In view of  
 8 the decision taken on April 26, 2001 by a previous Appeal Body at  
 9 Tarzana in favor of Petitioner, Willick had notice that he had no such  
 10 authority under the By-Laws or under the Constitutions of the United  
 11 Stats and the State of California. The denial of Petitioner's right  
 12 to exhaust his administrative remedies also violated the provisions of  
 13 the preliminary injunction previously issued by the Court.

14 39. Pursuant to the By-Laws Petitioner attempted to exhaust his  
 15 administrative remedies by appealing the March 30, 2002 ruling of Mr.  
 16 Willick by appealing to the Appellate Review Body. The Appellate  
 17 Review Body upheld the illegal denial of Petitioner's right to complete  
 18 his hearing by Willick in a decision of July 25, 2002.

19 40. In aborting Petitioner's hearing without ruling on the merits  
 20 of Petitioner's qualifications, Respondent violated Petitioner's due  
 21 process rights under the federal and state constitutions and also  
 22 violated the By-Laws. To the extent that Respondent complied with the  
 23 amended By-Laws Respondent violated the provisions of the preliminary  
 24 injunction by purporting to enforce amendments to the By-Laws which  
 25 were added after the issuance of the preliminary injunction.

26 41. In depriving Petitioner of a completed hearing, Respondent did

1 not proceed in the manner required by law. The decision of Willick to  
2 interrupt the hearing was not supported by substantial evidence and the  
3 findings of Mr. Willick, to the extent that his statement can be  
4 construed as findings, did not support the decision to abort the  
5 hearing.

6 42. The denial of Petitioner's right to a hearing without reaching  
7 the merits has caused Petitioner substantial damages but Petitioner has  
8 no remedy in the ordinary course of law because his remedy is under  
9 Code of Civil Procedure Section 1094.5 and 1085.

10 44. Hearing Officer Daniel H. Willick clearly violated  
11 Petitioner's rights and a remand to the Judicial Review Committee with  
12 Willick presiding over the Committee will not accomplish anything.  
13 Petitioner needs to have his matter remanded to the Judicial Review  
14 Committee so that it complete the hearing within 30 days with a new  
15 hearing officer with no biases, no prejudices, who will abide by the  
16 By-Laws, California and federal laws. Petitioner requests this  
17 Honorable Court to appoint an administrative law judge from the Office  
18 of Administrative Hearings pursuant to the California Administrative  
19 Procedure Act.

20 44. In the alternative, Petitioner would like this Honorable Court  
21 to conduct the administrative hearing in the form of a trial pursuant  
22 to Code of Civil Procedure Section 1094.5, which allows the Court to  
23 take evidence if that evidence was not permitted to be introduced at  
24 the hearing. Petitioner is confident that either the reassembled  
25 Judicial Review Committee, which heard part of the case, or a Superior  
26 Court judge, will afford Petitioner due process and will render a fair

1 decision on the merits. This Court is in a position to review the  
2 limited record already made before Willick prematurely aborted the  
3 "hearing." The evidence already demonstrated that there was no basis  
4 for the summary suspension.

5 45. Petitioner also requests that this Honorable Court retain  
6 jurisdiction to award damages pursuant to Code of Civil Procedure  
7 Section 1095.

8 46. Petitioner has been compelled to retain attorneys to assist  
9 and/or represent him in these proceedings. Upon the successful con-  
10 clusion of this case Petitioner will seek an award of attorney's fees.

11 SECOND CAUSE OF ACTION:

12 ADMINISTRATIVE MANDAMUS

13 47. Petitioner incorporates by reference Paragraphs 1 through 46  
14 of his First Cause of Action.

15 WEREFOR, PETITIONER PRAYS FOR JUDGMENT AS FOLLOWS:

16 1. That a peremptory writ of administrative mandamus and writ of  
17 mandate issue under the seal of this Court directing Respondent to  
18 complete his Judicial Review Committee hearing and exhaust his  
19 administrative remedies within 30 days before an administrative law  
20 judge at the Office of Administrative Hearings, without any security  
21 guards and allow Petitioner to be represented at the hearing by an  
22 attorney as Tarzana's By-Laws do not allow Petitioner to be represented  
23 by an attorney at a hearing.

24 2. For a writ of administrative mandate and mandamus compelling  
25 Respondent to set aside its order denying Petitioner's reappointment  
26 application and an order directing Respondent to set aside its summary

1 suspension of Petitioner's clinical privileges, without any of  
2 Tarzana's security guards' stalking Gil N. Mileikowsky, M.D., since  
3 there is no complaint from any patient nor any negligence cause of  
4 action against Petitioner let alone any alleged imminent danger;

5 3. For an order directing Respondent to readmit Petitioner to  
6 full and complete staff privileges as an active staff member;

7 4. For damages according to proof;

8 5. For punitive damages for Respondent's willful acts in  
9 depriving Petitioner of staff privileges, for depriving Petitioner of  
10 the opportunity to practice medicine at Tarzana Hospital since November  
11 16, 2000;

12 6. For punitive damages for Respondent's willful acts in denying  
13 Petitioner's right to a hearing and exhaust his administrative  
14 remedies;

15 7. For such other and further relief as the Court deems just and  
16 proper as Respondents fraudulently fabricated bogus charges and falsely  
17 pretended these proceedings represent an alleged Medical Peer Review.  
18 Here again, Respondents violated Tarzana's By-Laws, California and  
19 federal Health Care Quality Improvement Acts (HCQIA).

20 8. For punitive damages for fraud;

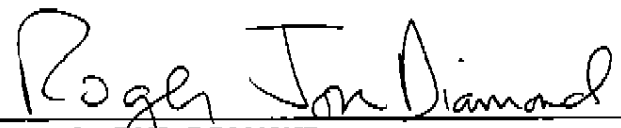

21 9. For publication of such order and providing it verbatim to all  
22 physicians on staff at Tarzana, all nurses and personnel of Tarzana,  
23 posting on all of Tarzana's bulletin boards within 24 hours of issuing  
24 the order with proof of such publication delivered to attorney Roger
